### STYLE

Throughout her 20 years in business, **Chloe Dao** has explored different styles, fabrics and silhouettes. It seems she's having a lot of fun accessorizing these days, with a collection of cute clutches and handbags shaped like zebras, cowboy boots — and even pianos! See them in person at her **M-K-T** boutique.

### MUSIC

Old-school hip-hopper **Busta Rhymes** is center stage at **713 Music Hall** on March 28. One week later, the **Black Crowes** perform at the venue, located within Post HTX.

### WELLNESS

Now open in the Heights, **Thrive Performance and Regenerative Medicine** combines functional and integrative medicine to address specific concerns like pain management and reproductive health. It adopts a direct-care payment model, meaning patients receive a set of services for a specific fee (read: it doesn't go through insurance). >
